

Students

Goals and Objectives in Student Personnel Services

Students are the first concern of the school system, and must receive the primary attention of the board of education and all staff members. To fulfill its obligation to students, the board will strive to spend most of its time in formulating policy and considering other matters related to students. A similar commitment is expected of all staff members.

In pursuing this primary goal, it is imperative that the good of the individual student be kept paramount. At no time are students to be treated as if they were assembly line products, or objects to be manipulated or molded at the will of some one else. Each student shall be considered and treated with respect as an individual. One of the major tasks of the educational program shall be to assist each student in becoming self-sufficient in utilization of decision-making processes and techniques, eventually becoming responsible for determining his/her own learning purposes and the means for achieving them. Staff members shall seek to be wise counselors of children and youth and skillful facilitators of learning. To this end, the board and staff shall work together to establish an environment conducive to the very best learning achievement for each student through meeting the following goals regarding students:

1. To individualize the learning program in order to provide appropriately for each student according to his/her specific background, capabilities, learning styles, interest, and aspirations.
2. To protect and observe the legal rights of students.
3. To enhance the self-image of each student through helping him or her feel respected and worthy, and through a learning environment which provides positive encouragement through frequent success.
4. To provide an environment of reality in which students can learn and practice personal and civic responsibility for their actions.
5. To deal with students in matters of discipline in a just and constructive manner.
6. To provide in every way feasible for the safety, health and welfare of students.
7. To promote faithful attendance and good work.
