

Community RelationsSchool News Releases

The Superintendent of Schools is responsible for all news releases, regarding the schools, to all media and may delegate this authority to the principals to release routine and non-controversial material.

All matters representing the official position of the Brookfield Public Schools prepared for publication by any of its employees shall be approved by the Superintendent of Schools prior to release to the public press.

Any news releases must come from the Chairperson of the Board who may issue them without prior approval of the Board if such news releases express the will of the Board of Education regarding previously approved motions or Board of Education positions. Dissenting opinions within the Board may shall not be presented as a news release of the Board, although Board members, as Brookfield residents, may express their individual opinions in the news media.
