

Committee Review – Sept. 13, 2000
FOR BOE 1ST READING APPROVAL: September 17, 2003

7114.2

Construction

Temporary Facilities

It is the aim of the Brookfield Board of Education to have sufficient permanent facilities to meet the needs of school enrollment and the school program since rented and portable facilities are inadequate for long-term use. If circumstances require immediate space which is not available in the school buildings, temporary facilities may be rented or constructed as an emergency measure.
