

Minutes

Present: Maureen Ruby, Michael Murphy, Rosa Fernandes, David Pepsoski, Rachel Cohen, Jackie Whiting, Mark Jewett, Jim Fitzpatrick, Heather Batchelor.

Absent: Debbie Brooks

Michael Murphy called the meeting to order 6:10 PM

1. Public Comment: None

2. Dr. Maureen Ruby Introduced the Coaches

- Jim Fitzpatrick shared improvements in math at the first grade and third grade levels. The 1st grade focus was improving problem solving and 3rd grade focused on improving fractions.

-Jackie Whiting shared a video summarizing the integration of technology to the class room, highlighting content creation and digital profiles.

Heather Batchelor presented an 8th grade project in historical simulations. One being an advisor to Lincoln during the civil war and being a crime scene investigator for the Boston massacre.

-Rachel Cohen presented on a bear population project aimed at developing the explanation of phenomenon. This lesson accomplishes connection to the community through the curriculum.

-Mark Jewett presented on assessments on readiness for progression of material focused in math.

3. David Pepsoski presented on teacher assessments and discussed the flexibilities in the assessments recommended by PDEC. (Professional development evaluation committee) Those flexibilities include moving to more informal evaluation and the involvement of stakeholder communication and engagement of families.

Rosa Fernandes Motioned: The CAPE committee recommend the Board adopt the flexibilities for teacher and administrator evaluation as recommended by PDEC. Michael Murphy Seconded.

Cape Voted 2-0 in favor of the motion

4. Dr Maureen Ruby Gave an update to the after school program and summer school program.
5. Adjourn 8:25pm

Signed Dr. Michael Murphy
CAPE Subcommittee Chair
