Discussion continued regarding the facilities options presented by Tecton on May 1st. The committee's discussion included top 3 options, educational needs, costs and security. They discussed some community concerns regarding the June 7th forum. A school message explaining the June 7th presentation will be sent prior to the next meeting scheduled. That meeting is scheduled for May 22nd at 6:00pm in the Town School Office.

“The consensus reached, based upon committee members both present and those who responded prior to the meeting electronically, is as follows:
