RE: Home School Enrollment Report

Parents of students for whom we have knowledge of homeschool status are sent letters and “Notice of Intent for Instruction of Student at Home” forms in the summer. In the letter, we request parents to complete the form and return it to the district. This notice is a “suggested procedure” as outlined in the C-14 Guidelines for Suggested Procedures for Home Instruction. Home Instruction is described in Connecticut General Statute 10-184.

Currently available data reveals that there are **28** students currently homeschooled in the district. The **28** students identified as being homeschooled come from **21** Brookfield families. For the **28** students for whom we have information regarding home school status, **3** “Notice of Intent” forms were completed and returned. Parents of **23** students did not respond to the request for information. For **2** students, parents sent letters of refusal regarding completion of the form.

The information obtained via completed “intent” forms and letters received from parents and other data available yield the following information on our 2022-23 homeschool student population:

Grade Level	Number of Students
K	0
1 & eCare 5k	4

The district is adhering to all provisions of Section 10-184 and Section 10-220 of the Connecticut General Statutes regarding homeschooling.
