

Non-Instructional OperationsVending Machines

~~Vending machines, dispensing nutritious food and beverages to students, are permitted in the schools at the discretion of the building principal or designee. The building principal or designee may designate a school organization or school-related outside group to operate such machines. Vending program financial management is the responsibility of the designated operator. Product selection is **the** responsibility of the building principal or designee.~~

~~The use of beverage vending machines for after school hours or at athletic or special events, is authorized at the discretion of the building principal or designee provided the machines are not in competition with an established food service program. Operation and financial management of these machines will be the responsibility of the organization designated to operate these machines, and the machine proceeds shall accrue directly to the operator.~~

~~Vending machines are authorized in teachers' lounges subject to the approval and management direction of the building principal or designee.~~
