No pupil shall be removed from class more than six times in any schoolyear nor more than twice in one week unless such pupil is referred to the principal or his/her designee(s) and granted an informal hearing in accordance with the provisions of Section V of this policy,

C. Suspension

When the building administrator or designee has determined that there is cause for suspension of a student, the following procedures shall be observed:

1. The student shall be given an informal hearing before the building administrator or designee, at which time the charges against the student will be stated and the student will be given an opportunity to respond to the charges. This informal hearing must be held prior to the student being suspended, unless an emergency exists, in which case the hearing shall be held as soon after the beginning of the suspension as possible. Nothing in the informal hearing shall prevent a more formal hearing from being held if the circumstances warrant in the sole discretion of the administration.
2. The building administrator or designee may receive and consider evidence of past disciplinary problems which have led to removal from a classroom, suspension or expulsion of the student. A special education student's disability shall be considered before making a decision to suspend.
3. The building administrator or designee shall make a reasonable attempt to reach the parent or guardian of the student stating the charges against the student and the terms and conditions of the suspension.
4. Whether the telephone contact is made or not, the building administrator or designee shall forward a letter, within 24 hours of the suspension, to the parent or guardian at the last known address according to school records and offer the parent or guardian the opportunity for a conference to discuss the suspension.
5. Notice of the suspension shall be transmitted by the building administrator to the Superintendent of Schools by the close of the school day following the commencement of the suspension.
6. If a student is eighteen or older, any notice required by Board policy and by this regulation shall be given to the student.

The foregoing procedure will be followed unless the student has had a total of 15 in-school suspensions or ten (10) out-of-school suspensions during the current school year, or has been suspended for a total of fifty (50) days during the current school year. If the student's proposed suspension would exceed either figure, the suspension shall not take effect until so ordered by the Board after a hearing similar to that required for expulsion. If the building administrator has reason to believe that the student's conduct endangers persons or property, is seriously disruptive of the education process or is in violation of a Board policy, expulsion may be recommended.

D. Expulsion

The procedures leading to expulsion are as follows:

1. Requests for expulsion shall be made by a building administrator and shall be directed to the Superintendent of Schools.
