

CANDLEWOOD LAKE ELEMENTARY SCHOOL

100 Candlewood Lake Road, Brookfield, CT 06804
(203) 775-7675

Dear CLES Community,

Having just completed our weekly walkthrough of Candlewood Lake Elementary, we want to provide a midsummer update.

The school is looking AMAZING! The classrooms are beautiful with state of the art 86" SMART Boards and overhead FM speaker systems installed and ready to use. The terrazzo floors are absolutely gorgeous, with designs throughout the building aligning with the geographic theme of each academic neighborhood. The cafeterias are without a doubt the nicest we have seen in our combined 50+ years in education. The list goes on and on... however, the burning question is, "When can we start giving tours of our awesome new school?"

With safety being a top priority, the school and grounds must first be approved for occupancy by the fire and building inspectors. Additionally, we must ensure that there is ample parking available.

We are thrilled to be on this exciting, fun and safe adventure with all of you. We are literally creating tomorrow today!

Stay tuned...next week we will have specific dates and times for our kindergarten orientation and grade-level tours of the building.

Kind regards,

Dr. David Pepsoski
Principal

Dr. John Barile
Superintendent

We have included a link to the [slide show shared at the July 19th Board of Education](#) meeting along with [several pictures we took today during our walkthrough](#)! Artwork or scenery seen is specific to either Brookfield landscapes or our grade level ecosystem themes.

Dr. David Pepsoski, Principal

Mrs. Debbie Farias, Director of Instruction
Ms. Taryn Argenta, Special Education Supervisor

Dr. Danielle Rudl, Assistant Principal, Gr. 3-5
Ms. June Gordon, Assistant Principal, Gr. K-2
