

Dear Families and Faculty,

Safety and security remains a top priority of the Brookfield Public Schools. To that end, we continue our efforts to ensure safe and secure learning environments for our students and staff. We share the following updates:

1. The Brookfield Public Schools is currently participating in a pilot program with The Connecticut Center for School Safety & Crisis Preparation to enhance the all-hazards emergency operation plans for Connecticut school districts. The Center's goals are to provide professional development training related to all aspects of school operations ([please click here to read the thank you letter from the Center](#))
2. Our Security Task Force continues to meet regularly. In addition to the recent summer work to establish and hire additional SRO's and security monitors, the task force is now planning the structural enhancements for both WMS and BHS. ([Please click here for the latest agendas and Security Task Force meeting minutes](#))
3. [Please click here](#) to view the newest video which introduces viewers to some of our safety protocols and to some of our school resource officers.

Thank you for your continued partnership and support.

John
