Placement of Special Education Students (Out-of-District)

In accordance with Connecticut law, when an appropriate placement in local schools is deemed not possible by a legally constituted Planning and Placement Team (PPT) the Brookfield Public Schools will provide financial support and transportation for students with disabilities to attend approved out-of-district special education programs.

Placement of students with disabilities in out-of-district special education programs that, according to state and/or Federal law, require financial support from the Brookfield Public Schools will be based upon the student's individualized education plans (IEP's). The specific placement will be recommended by the Planning and Placement Team (PPT) in consultation with the Director of Special Services, parents, and District and/or non-district diagnosticians.

The Superintendent will provide the Board of Education with a monthly report on the number of students placed outside the District.
