Children of Nonresident Staff: Qualified Tuition Reduction

Effective July 1, 2023, nonresident staff employed by the Brookfield Public Schools may be allowed to have their child(ren) attend the Brookfield Public Schools, if class size and other considerations including, but not limited to, the availability of resources, and further subject to the following considerations:

- The non-resident staff will be permitted to enroll their child only during the time of employment in the Brookfield Public Schools.
- Nonresident staff children do not cause class section enrollment to exceed the Board's class size guidelines at the time of registration.
- Nonresident staff will pay tuition for their children's enrollment in Brookfield Public Schools. The tuition will be 10% of the annual tuition rate (exclusive of transportation) established by the Brookfield Board of Education. Payment of the tuition shall be made upon admission prorated for the length of time remaining in the school year. Failure to timely pay tuition may result in termination of enrollment privileges.
- Students will be approved or denied on an individual basis by the Superintendent after a complete review of the student's record, including, but not limited to, academic progress and disciplinary records.
- The nonresident staff will pay, in entirety, any extra costs beyond the regular school program that are directly attributable to their children.
- The Board of Education will not "exclude a qualified handicapped child if the child can, with minor adjustments, be provided an appropriate education." Except in the cases of children with "504 Plans," the Board will charge the nonresident staff member for the provision of special education and/or related services if that education or those services exceed the school districts per pupil expenditure.
- The non-resident staff will be responsible for the transportation of their children to and from school.
- Non-resident staff will not be allowed to enroll any child who is currently excluded by expulsion from another public or private school. Disciplinary and attendance history will be considered for purposes of continued enrollment.
- The Superintendent of Schools, in conjunction with the Principal of the school at which the student attends, can, with a minimum of two weeks' notice, terminate the program with an individual student for just and appropriate causes as determined by the Superintendent.
