

## The Connecticut Center for School Safety and Crisis Preparation

Western Connecticut State University

White Hall Suite 316

181 White St. Danbury, CT 06810

---

November 1, 2022

Dr. John W. Barile  
Superintendent  
Brookfield Public Schools  
100 Pocono Road  
Brookfield, CT 06804

Dear Dr. Barile:

I would like to take this opportunity to thank you for your collaboration and participation with the Center's Beyond Compliance Workshop Series. As you are aware, the Beyond Compliance Workshop Series is a Pilot program to enhance the all-hazards emergency operation plans for school districts.

The Center's goals are to provide professional development training related to all aspects of school safety planning including prevention and intervention. In addition, the Center's focus will be building partner relationships with school districts throughout the state. Your partnership in this endeavor has provided valuable insight into the design and implementation of these training workshops. We are looking forward to our future collaboration throughout the school year.

Sincerely,

Amery E. Bernhardt, D.M., CEM  
Director  
Center for School Safety and Crisis Preparation
