We at Whisconier Middle School will respect ourselves and one another, appreciate individual differences, and encourage one another to reach our potential.

Greetings from the Principal - Mr. Deane Renda

Another Exciting Year at WMS!

Welcome back! I hope you had a relaxing and enjoyable summer and your child has a had a great start to the year.

The school year marks the start of a four-year journey for our 5th graders and the continuation of that journey for 6th, 7th, and 8th graders. At the same time it is the 8th graders last chance to experience the life of a middle school student. Each year the journey brings new opportunities for success, sometimes failure, but more importantly a chance to learn from these experiences. These are the experiences that will help each middle school student to discover and develop their academic and personal identity.

Ways to have a successful school year:

- ♦ Set up a consistent schedule for your child to do homework. Maybe even start a weekly chart or calendar to help with time– management skills.
- ♦ Set up an area of the house to do homework where there will be minimal interruptions or noise.
- ♦ Have expectations that your child will do their homework every night. That includes 20 minutes of pleasure reading daily.
- ♦ Ask your child everyday what he/she learned at school.
- ♦ Be a role model by sharing any of your new learning when possible.
- ♦ Always have an open line of communication with your child. Be mindful of how you react because it may encourage or discourage him/her from sharing with you in the future.

I am excited to start another school year. I hope your son/daughter enjoys the year at Whisconier Middle School.

WOW! WMS READS!!

Our students have checked out 1,906 books in the first 3 weeks from our WMS Library Media Center

Want to make a connection with your child? Take some time to ask about the day, friends, what he/she is learning, or just take some time and read with him/her. It will make a difference.
