

Dear 7th Grade Families,

Welcome to our first virtual WMS Open House. Although it will seem different not being able to walk through the hallways or sit at your child's desk, our hope is that you can get an understanding of what your child will be learning this school year, the classroom expectations, and get to meet our wonderful WMS staff.

Below you have a WMS introductory video, a video of our UNAH teachers, and the Zoom link to your child's team presentation tonight. Please make sure that you have the right team of teachers for the Zoom. Also, remember that the presentation is from 6 - 7:00 p.m. We will try to start to let parents in around 5:50 p.m. Please be patient. If for some reason there are technical difficulties and we get logged off or there is an issue, please try to get back into the Zoom link or you may have to check your emails for a new Zoom link.
